OUR PARTNERS IN INNOVATIVE COMPONENT TECHNOLOGY

www.cicoil.com
Flexible Flat Cable

Ultra flexible silicone encapsulated cables temperature rated from -65 to 260 degrees C. AS9100 certified and NASA space approved.

Advanced technology RF & microwave high reliability filters from 100 MHz to 50 GHz for commercial, defense, and space flight applications.

DIAMOND
the fiber meeting

Precision fiber optic interconnect solutions for high power telecom transmission, high shock and vibration space and avionics, and IP65 rated sterilization proof biomedical and surgical theatre applications. Manufacturer of E2000 and F3000 connector platforms with automatic shutter for end face intergrity and eye safety.

www.diamond-fo.com

www.draka-fileca.com

Manufacturer of cables for space, civil, & mil-aero applications. EN/MIL-SAE/ASNE hook-up wire rated for 200/260 degrees C. Light weight composites. Coax/twinax/Quad ethernet/UTP-FTP CAT5&7 for data. Bend resistant, MM jacketed, & silica fiber optic cables.

www.experiorlabs.com

3rd party test facility for mil-aero and telco qual test, design verification, and calibration services. Specialization in fiber optic and electrical interconnects. ISO/IEC-17025 accreditation, MIL-STD-790 and FOC-ITL approvals.

HYPERBOLOID CONNECTORS
FOR SUPERIOR PERFORMANCE IN ALL APPLICATIONS

M55302 QPL'd interconnects for rail transit, medical, mil-aero, and space flight applications. Impervious to shock and vibration with 100,000 cycle lifespan. Near zero insertion forces with extremely low contact resistance.

www.iehcorp.com

Linden Photonics, Inc.

Optical packaging

Manufacturer of non-kink strong tether fiber optic cable (STFOC) for subsea, aerospace, downhole, and industrial applications. Makers of the new LINDEX cleaning swabs for fiber optic interconnects and equipment. Ten times more effective than existing technologies with no cross contamination.

www.lindenphotonics.com

AS9100 Certified authorized distributor for 3M, Amphenol, Glenair, Harting, Honeywell Switches and Sensors, LEMO, TE Connectivity, Tri-Star, and other manufacturers of aerospace and industrial components in support of military, aerospace, rail transit, downhole, and agriculture applications.

ISO 9001:2008
AS9100 Rev. B
File No A7080

www.titanelectronics.co
AS9100 certified authorized distributor for Federal Mogul, manufacturer of cable protection products for mil-aero, transit, industrial, medical, and space applications.
